

Dear

At last you can list your business FREE in an international business directory.

We are Global Business Pages and we are out to make a difference in the global economy. Our online directory will bridge an existing gap in the flow of contact details between the world's poor and rich producers and suppliers.

That's one reason why we hope this letter will bring you to join us in our work to enhance the flow of information and assist in levelling out a trading imbalance.

We have developed what we believe is best option yet for displaying disadvantaged and traditionally favoured businesses side-by-side, in a quality online business directory. Our rare offer of free listings for producers and suppliers is already attracting inquires from the US, Europe and countries in Africa, Asia and even Central America.

Have you ever considered pursuing opportunities for trading with and benefiting from the craftsmanship of underprivileged producers? If you answered yes; we would like to discuss with you ways in which you could be involved in our plan or our online directory - www.globalbusinesspages.com Please give me a call. Thanks you for your time and I look forward to speaking with soon.

Sincerely,
